Other Required Updates

- Physical updated if over 18 months old for Aviators and 24 months old for Technicians.
 - Applicants must check the date in block 1 of the DD 2808, not the completion date.
- MILPO (or Checklist Signed by S-1) Memo updated if over one year old
- Letters of Recommendation if over one year old
- Security Memo if over one year old
- New Age/AFS waiver request (Moral not required for re-submit if already approved and no new waiver required)
- Conditional Releases renewed if expired

Other Suggested Updates

- Anything with a date on it that the applicant can update. For instance - the ERB - every time it is printed it is “updated.” Leaving a ERB beyond a couple months gives a “old stuff” appearance in packet. Everyone knows how easy it is to get a ERB with a fresh date on it - don’t get caught with a six month old ERB in packet.
- New DA Photo - never required to be updated once one is in your packet, but like other items that can be considered “old stuff,” it may be in Applicant’s best interest to update after a couple months.
- New Microfiche - only takes a couple days to receive - don’t give the “I can’t” attitude by not applying for one.
- Replace any fax copy with originals - although fax copies are authorized, fax copies can be less than high quality in appearance.
